Aged Zinc

Anthracite

The colours, patterns and design shown are provided as a guide only. We strongly recommend comparing your choice with an actual steel sample as colour and textural variations will apply.

A premium steel solution for architectural expression

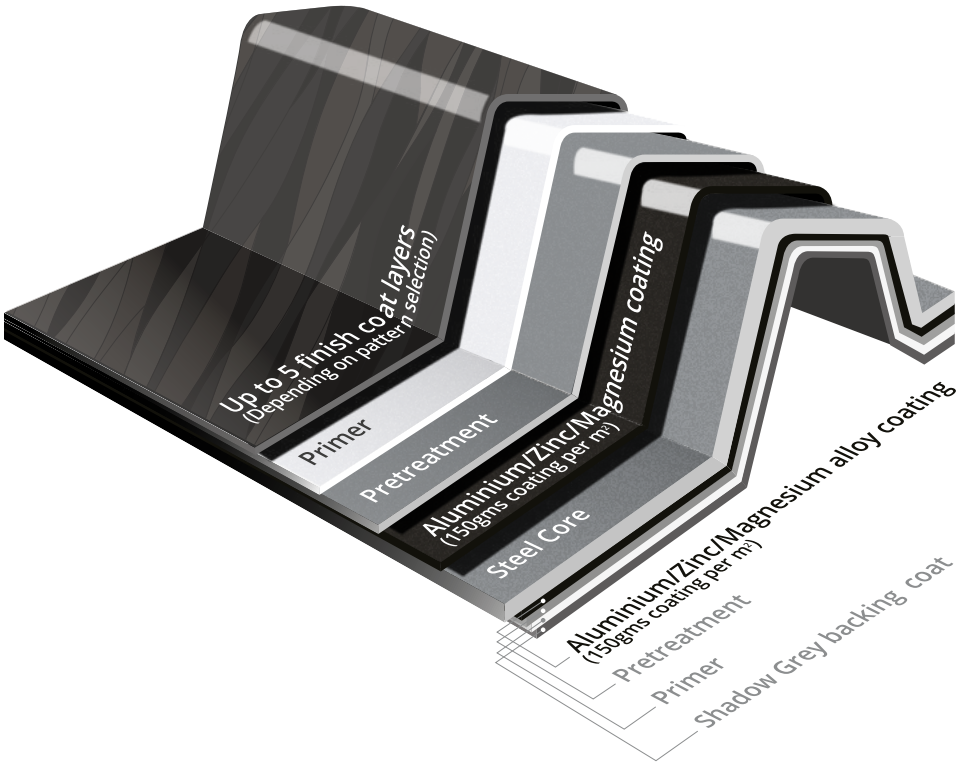

The Signature colour range is available in UniCote® LUX, giving specifiers access to a premium pre-painted steel solution for more expressive architectural outcomes.

Designed for high-end architecture, the range combines advanced coil coating technology with up to five finish coat layers to achieve distinctive patterned and textured finishes, backed by durability, performance and long-term resilience.

UniCote® LUX

Steel, Reimagined

Distance from marine: 400m+*

Your UniCote® warranty
Support your specification with site-specific pre-approval

A UniCote® warranty pre-approval helps confirm that the selected product is suited to the project's location, application and environmental conditions. Submit a warranty pre-approval to support your specification with clear, site-specific assurance backed by a trusted Australian steel supplier.

WARRANTY

*Warranty applications will be considered under 400m dependent on project specifics.

Beyond Colour.
Australia's Premium Steel Choice.
